Providing *Free* Adaptive Clothing for wounded service members since 2004

Sew Much Comfort provides FREE adaptive (velcro closures) clothing to support the unique needs of our wounded service members from all branches of the Military and National Guard. Many injuries require large fixators, prosthetics and casts that are too bulky to fit under ordinary clothing. Without adaptive clothing, wounded service members are limited to wearing hospital gowns. We designed the clothing to appear as normal civilian attire.

It is the mission of *Sew Much Comfort* to give wounded service members as much dignity, comfort and independence as possible as they recuperate from their injuries either in a military hospital or at home. Our clothing also represents a daily reminder from so many volunteers that we support our service members as they recover from injuries, and to say “thank you”.

All of our adaptive clothing is designed to be completely opened from either (double) side of garment. Pants and shorts have velcro running the full length of side opening. Shirts have a velcro button closure system.

We are extremely proud of our organization and the top quality adaptive clothing we deliver FREE of charge to our wounded warriors. To date, our volunteers, donors and partners have made it possible for SMC to have provided **139,148** pieces of adaptive clothing to our brave service members!!!
